

So you can be
you

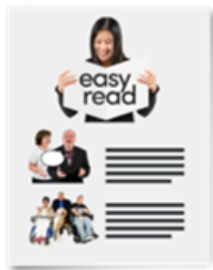

How Dimensions
supports you to
manage your
money

easy read

This booklet is all about how Dimensions supports you to manage your money

This booklet has information in easy read words and pictures and is linked to a **policy**.
Dimensions Supporting People to manage their money policy.

Policy: An important document that tells support teams about the rules to do their jobs well and to keep people safe.

This booklet is for **you and your support team**; to help you understand the rules.

If support teams are not following the rules, you can tell your locality manager, a family member or a friend, who can **speak up with or for you**.

Or you can make a complaint.
To find out how to make a complaint, please ask for the; **How Dimensions support you to make a complaint or raise a concern.**

How your support team supports you with your money

Your support team helps you with your money in the way you want. This should be written in your **support plan**.

Your **support plan** must say exactly how you are supported with your money.

Your support team must listen and respect your choices. They should help you be as independent as possible.

Your support team must also make sure that you are able to look after your money carefully.

If you cannot decide how you want to be supported with your money, your support team will work out a way that is best for you.

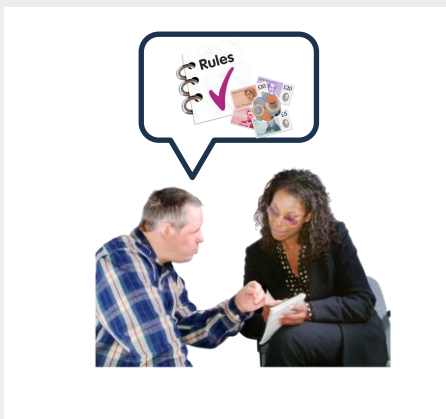

Your support team will set up a meeting so that the people who are important to you can be involved.

Keeping your money safe

When Dimensions have to keep your money safe for you, your support team are given very clear rules on how they should do this.

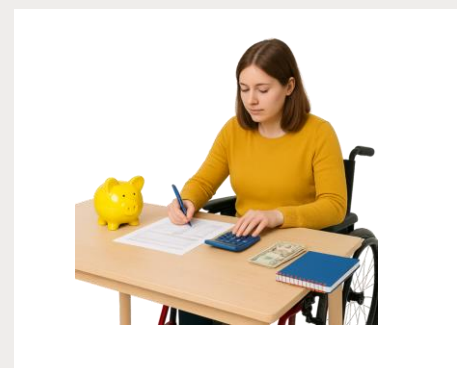

If your support team manager wants to change any of these rules, they must ask the **Operations Director**.

The **Operations Director** is the manager of all the managers in a region.

A region is part of the country, for example the North region.

You have the right to access your money and have good support to manage it well.

This might mean that you don't get to hold all your money yourself.

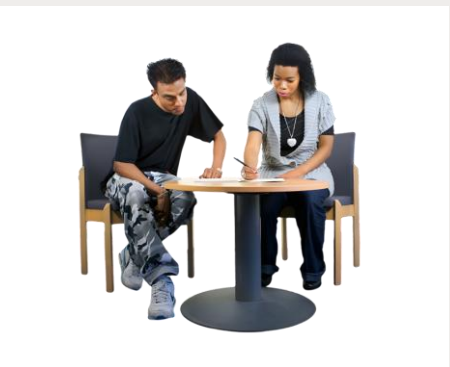

Your support team must follow these very important rules at all times.

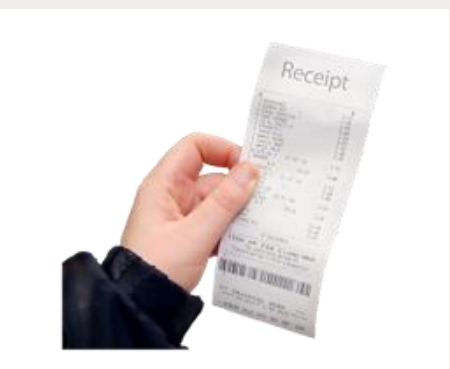

1: Your money must be kept in a safe or in a cash tin which has a lock on it.

Your bank card will also be kept safe, sometimes in a different safe place for extra security.

2. There must be a book where your support team write down any money that you spend from your cash tin.

You should be involved in this too.

3. Your support team must remind you to ask for a receipt, and they must keep receipts for anything you buy.

4. There must be a book where your support team write down any money that is taken out or paid into your bank or Building Society.

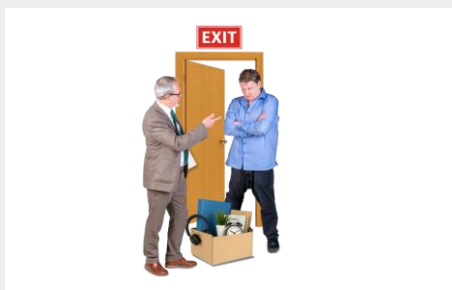

5. Your money, cash book and bank account must be checked often.

You should be involved in this if you want to.

6. If it looks like there is money missing, your support team must find out about it straightaway.

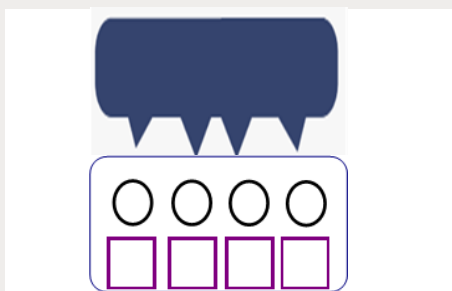

7. If your support team steal money from you, they will lose their job.

8. Your support team must keep a list of all the things you own; this is called an inventory.

9. If you decide to buy something with a housemate or open a bank account together. Your support team will make an agreement with you both.

This booklet has been updated and redesigned, by **Dimensions Easy Read Readers Panel**.

Better Lives for More People

Dimensions supports adults with learning disabilities, autistic people, individuals with complex health or forensic needs, and those with a history of behaviours of distress.

The people we support and their families are at the heart of everything we do. We want every person we support to have a great, ordinary, active life as part of their local community.
